What's the world like without the TMNT? Since their time-spanning victory over Armaggon, the Turtles have started to pursue other interests, leaving a void in New York among humans and mutants alike. This special issue explores the effects this change has on those connected to the brothers, from Old Hob to Jennika, across the five boroughs and all the way through Mutant Island. It's hard to tell how important someone is until they are gone. And who better to write such a story than Tom Waltz, the man who scripted the first 100 issues of IDW's series and the co-writer of *The Last Ronin*, and resign TMNT artist Gavin Smith!

Also, get your first glimpse of what is coming in a special prequel to the new *TMNT* #1, written by superstar scribe Jason Aaron (*Scalped, Batman: Off-World*) and drawn by white-hot artist Chris Burnham (*Batman, Inc., Die!Die!Die!*). Donatello has had a hard time since he came back from the future, and he's found himself in an unexpected place.

What lies in the space between spaces? What exists beyond the edge of time? The Teenage Mutant Ninja Turtles take their fight to the Thin Places and discover worlds and creatures that defy explanation. Issue #3 of the *TMNT Sourcebook* catalogs the deeds of an ancient Pantheon fighting for control of the world, of the interdimensional mega-corporation the Null Group, and of the time travelers who threaten to unmake reality with every swing of their Time Scepters. Hi, Ghouls. Rainbow-striped flags are flying everywhere, which must mean it's the best time of year: Pride Month. At Monster High, everyone belongs, and Pride Month is a time to skelebrate and show extra love to the LGBTQIA+ community.

First, Hannah Templer (*Cosmoknights*) and Siobhan Keenan (*Big Ethel Energy*) conjure a story about expectations and role models. Clawdeen and Toralei are claws over tails for each other...but their summer DIY project, and a group of mischievous gnomes, is threatening the ghouls' relationship! Meanwhile, Ghoulia is writing fan fiction and is on the verge of starting a shipping war!

Then, Megan Brown (*My Little Pony: Classics Reimagined—Little Fillies*) and Bowen McCurdy (*Specter Inspectors*) brew a fang-tastic love story. Kieran Valentine thinks love sucks. He enlists the help of his (very cute) Bite-ology partner, Spelldon Cauldronello, to create a potion that will drain him of the feeling forever. But after spending time with Spelldon, will he have the guts to follow through?

Get in from the start as IDW kicks off a whole new run of comics set on the most spooktacularly inclusive campus!

Here is your chance to collect some of the most iconic comic book covers by some of the greatest artists to ever pick up a pencil!

EC Comics, under the guidance of publisher Bill Gaines, was—according to the editor of this collection—the greatest line of comics ever done. This once-in-a-lifetime Artisan Edition collects more than 140 EC covers by their best and brightest talents. The luminaries included in this tome include:

Wally Wood, Harvey Kurtzman, Graham Ingels, Al Williamson, Johnny Craig, Frank Frazetta, Jack Davis, Al Feldstein, and more! To make a baseball analogy, this is a Murderers Row every bit as noteworthy as the '27 Yankees!

Also includes an introduction by noted EC scholar Thommy Burns.

To date, IDW Publishing has won EIGHT Eisner Awards (the comic book equivalent of the Academy Awards).

Each cover in this collection has been scanned from the original art. While appearing to be in black and white, these images were scanned in COLOR, enabling the reader to see all the subtle nuances that make original art unique. Blue pencil notations, zip-a-tone, Duoshade, whiteout—all of these and more are clearly visible. Honestly, the only better way to see these covers is to be holding the original art in your hands!

***The Wonderful Wizard of Oz* gets pony-fied! Gallop alongside Applejack (a.k.a. Dorothy) and friends as they brave the yellow brick road.**

In the second installment of IDW's *My Little Pony: Classics Reimagined* line, L. Frank Baum's *The Wonderful Wizard of Oz* is reimagined with our favorite ponies! And we've got a feeling they're not in Equestria anymore. Travel through all of Odd with Applejack as Dorothy, Pinkie Pie as Scarecrow, Rarity as Tin Woodsmare, and Fluttershy as Cowardly Lion.

Dorothy lives an ordinary life at her farm in Ponyville, Kansas, with her Uncle Henrie and Granny Em. But a tornado whisks her away to a magical land of Breezies, silver horseshoes, and good and evil princesses. It almost makes her want to sing... (But she won't. Those songs aren't in the public do-mane.) Dorothy and the unlikely friends she makes on the yellow brick road will have to work together if they want to reach the Wizard of Odd. Rumor has it only the wizard can get her back to Ponyville. The road is dangerous, but they have to try. After all, there's no place like home!
